**Staff Report FIN2021-037**

**Title of Report:** FIN2021-037 2022 Budget

**Department:** Finance

**Council Date:** November 23, 2021

**Recommendation:**

**Be it resolved that** Committee of the Whole receive Staff Report FIN2021-037 2022 Budget as information.

**Background:**

Municipal Act, 2001 s. 290(1) requires a municipality shall:

“prepare and adopt a budget including estimates of all sums required during the year for the purposes of the municipality, including,

- (a) amounts sufficient to pay all debts of the municipality falling due within the year”.

On December 16, 2009, Council approved Tangible Capital Assets Policy #28. The treatment of tangible capital assets is intended to be in accordance with the Public Sector Accounting Board (PSAB) PS3150. Required studies and other initiatives that relate directly to the acquisition of a tangible capital asset shall be capitalized. If the study/initiative does not relate directly to the acquisition of a tangible capital asset, then the expense shall be recorded in the year in which they occur.

On June 16, 2021, Council received Staff Report FIN2021-019 Asset Management Plan 2021 and approved Bylaw 2021-084, being a by-law to adopt Asset Management Plan 2021 (AMP). The AMP adopted met the Province of Ontario legislated requirements for all municipalities to “refresh” their existing Asset Management Plans (AMP), but under specific guidelines spelled out in Ont. Reg. 588/17. Among several new guidelines is the requirement for a section of the AMP that deals with Climate Change, for example. The initial version of the AMP is limited to Core Assets. The AMP noted that at the current funding level, Southgate’s infrastructure gap (I-Gap) is still growing, based on core asset alone. The next AMP update will be to expand the plan to include all capital assets.

On October 6, 2021, Council received Staff Report FIN2021-030 2022 Budget which contained a proposed timeline for the budget process as follows:

On November 10, 2021, Council received Staff Report FIN2021-034 2022 Budget which contained the detailed 2022 Budget 10 year Capital and Special Projects plans.

### **Staff Comments:**

Staff Report FIN2021-037 is presented to continue the review and discussion of the proposed 2022 Budget 10 year Capital and Special Projects plans.

The 2022 Budget – 10 year Capital plan detail is provided as Attachment 1.

The 2022 Budget – 10 year Special Project plan detail is provided as Attachment 2.

The preliminary schedules of Reserve, Deferred Revenue and Reserve Funds for the 2022 Budget and 2021 Projection are provided as Attachment 3. The 2022 Budget schedule will be updated once the operating budget is developed.

### **Financial Implications:**

In 2021, an increase of \$130,758 in the taxation levy equated to a 1% change in the blended tax rate.

The draft 2022 Capital 10 year forecast has a requirement from taxation of \$2,442,788, an increase of \$220,590 from the 2021 level. The increase of \$290,688 would result in an estimated 1.7% increase in the 2022 blended tax rate.

The draft 2022 Special Project 10 year forecast has a requirement from taxation of \$155,600, an increase of \$68,930 from the 2021 level, mainly due to the waste relocation project which would extend the useful life of the landfill. The increase of \$66,060 would result in an estimated 0.5% increase in the 2022 blended tax rate.

In addition to the above, there will also be other cost pressures on the operating budget (i.e cost of living, insurance, fuel, etc)

### **Communications & Community Action Plan Impact:**

This report has been written and presented to Council in accordance with the Southgate Community Action Plan:

#### **Mission Statement Pillars**

- Trusted Government
- Economic Prosperity.

#### **Themes:**

- Municipal Services
- Public Communications

Core Values:

- Integrity
- Stewardship

**Concluding Comments:**

The draft 2022 Capital 10 year forecast has a requirement from taxation of \$2,442,788, an increase of \$220,590 from the 2021 level. The increase of \$290,688 would result in an estimated 1.7% increase in the 2022 blended tax rate.

The draft 2022 Special Project 10 year forecast has a requirement from taxation of \$155,600, an increase of \$68,930 from the 2021 level, mainly due to the waste relocation project which would extend the useful life of the landfill. The increase of \$66,060 would result in an estimated 0.5% increase in the 2022 blended tax rate.

In addition to the above, there will also be other cost pressures on the operating budget (i.e cost of living, insurance, fuel, etc)
