The Purpose of the proposed zoning bylaw amendment application is to change the list of permitted uses to allow for dry manufacturing. Currently, metal work and welding are permitted for the existing shop. The proposed use will be added to the existing permitted uses and the limitation on employees will be removed. The owners wish to add the dry manufacturing use to the list of permitted uses for the Agricultural A1-391 exception zone. The shop including office and power room is proposed remain the same and has been previously approved for expansion of up to 345m² in size. The outside storage area is proposed to be 592m².

The Effect of the proposed zoning by-law amendment would be to change the zone uses on a portion of the subject lands to permit the dry Industrial Uses within the existing agricultural exception zone (A1-391). Any Environmental Protection Zone Boundary may be adjusted based on Conservation Authority comments.
