

## Planning & Development

# County Official Plan Amendment Application Form For applying for approval under Section 17 or 21 of the *Planning Act*

#### Application is hereby made to:

The Corporation of the County of Grey Planning & Development Department 595 9th Avenue East Owen Sound, ON N4K 3E3

Phone: 519 372-0219 x 1232

Email: planning@grey.ca

FOR OFFICE USE	EONLY
Date Accepted: Accepted by: Roll Number (s):	
Fee:Other Information:	_ Paid [ ]

# PRE-SUBMISSION CONSULTATION IS REQUIRED FOR ALL OFFICIAL PLAN AMENDMENT APPLICATIONS

#### Type of Application:

In accordance with the County of Grey By-law No. 5090-20, the following fees are set for the processing of County Official Plan Amendments:

	County Official Plan Amendment	Application Fee	Peer Review Fee
1	Minor – Site Specific*	\$1,950.00	\$2,000.00
Ħ	Major *	\$3,900.00	\$5,000.00

### Payment Options:

- Visa or Mastercard by calling our Administrative Assistant ext. 1232
- Cheques payable to County of Grey

\*\$500 is non-refundable if the request does not proceed to Public Meeting. Legislative Authority – Section 69 of the Planning Act, R.S.O. 1990, as amended.

Minor includes applications with 2 or less technical studies such as, but not limited to a/an planning justification report, stormwater management report, traffic review, servicing review, environmental impact study, noise and vibration study, and /or an archaeological assessment.

Please note that the information to accompany an amendment as prescribed by regulation (O. Reg. 543/06) to the *Planning Act* must be included in this form or in the material submitted to the County with the application.

3.	What is the total area of the subject lands (in hectares)?	10 hectares
	What is the total area of the lands to be re-designated?	10 hectares
4.	What is the current designation of the subject land in the Agricultural and Hazard Lands	County official plan?
5.	What are the land uses that are authorized under the curdesignation?	•
	All types, sizes and intensities of agricultural uses, and norma	al farm practices,
	including accessory uses and on-farm diversified uses.	
6.	What is the current designation of the subject land in the Agricultural and Hazard Lands.	Municipal official plan?
7.	What are the land uses that are authorized under the cu designation? All types, sizes and intensities of agricultural uses and normal	·
	accessory uses, agricultural related uses and on-farm diversi	fied uses as per Table 1.
8.	What is the current zoning of the subject land in the Mur Agriculture (A1)	nicipal zoning by-law?

	Corporation of the County of Grey Planning and Development Department
	County Official Plan Amendment Application Form
9.	What are the land uses that are authorized under the current Municipal zoning?
	Agricultural uses, single-detached dwelling, bed and breakfast, home industry,
	home occupation, uses, buildings or structures accessory to a permitted use.
10.	What is the current and previous known use(s) of the subject land?  Current use(s):
	Agricultural with a residence.
	Previous known use(s): Unknown.
11.	Is the subject land in the requested amendment covered by a provincial plan(s) such as the Niagara Escarpment Plan?
	Yes ✓ No
	If yes, identify which provincial plan(s) and explain the current designation(s) of the subject land(s). Attach a separate page, if necessary.
	If yes, does the requested amendment conform/not conflict with the policies contained in the applicable provincial plan?  ☐ Yes ✓ No
	If yes, please explain. Attach a separate page, if necessary. Submit a planning report, if applicable.

## Appendix 1: Areas of Provincial Interest

Features of Interest to the Province or Development Circumstances	(a) If a feature, is it on site or within 500 metres	OR (b) If a development circumstance, does it apply?	If a feature/ land use, specify distance from site (in metres)	Additional Information that may be required
1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Yes	No	P. F.	the state of the s
Employment Lands		✓		If the requested amendment is proposing to remove lands from an area of employment for non-employment use, a comprehensive review should be undertaken to demonstrate:
				The land is not required for employment purposes over the long term, and that there is a need for the proposed conversion.
Rural Areas located in municipalities	<b>V</b>			Assess compatibility with rural landscape and whether new development could be sustained by the existing level of rural services;
				Demonstrate appropriateness of available or planned infrastructure and avoiding the need for unjustified and/or uneconomical expansion of this infrastructure; and
				Demonstrate compliance with the minimum distance separation formulae where new land uses and new or expanding livestock facilities are proposed.
Class 1 Industry <sup>1</sup>	7			If sensitive land use is proposed within 70 m from the boundary lines, a noise/odour/particulate study may be needed.

### County Official Plan Amendment Application Form

Class 2 Industry <sup>2</sup>	<b>7</b>		If sensitive land use is proposed within 300 m from the boundary lines, a noise/odour/particulate study or other studies may be needed.
Class 3 Industry <sup>3</sup>		<b>7</b>	If sensitive land use is proposed within 1000 m from the boundary lines, an assessment of the full range of impacts and mitigation measures may be needed.
Land Fill Site(s): closed/active landfill		<b>✓</b>	If sensitive land use is proposed, and if within 500 m of the perimeter of the fill area, studies including leachate and groundwater impacts, noise, methane gas control, odour, vermin and other impacts may be needed.
			The proponent may also be requested to provide other information such as age and size of landfill site; type of waste disposed on site; projected life of site; size of buffer area; amount of truck traffic per day, etc.
			If proposal is on a closed landfill that is 25 years old or less, approval under Section 46 of the Environmental Protection Act is required and should be obtained prior to any <i>Planning Act</i> approval.
Sewage Treatment Plant and waste stabilization		<b>✓</b>	There is a need for a feasibility study if the proposal is for a sensitive land use and the property line is within:
pond			100 m of the periphery of the noise/odour-producing source structure of a sewage treatment plan (STP) producing less than 500 cubic metres of effluent per day; or
			150 m of the periphery of the noise/odour producing greater than 25,000 cubic metres of effluent per day; or
			400 m from the boundary line of a waste stabilization pond.

### County Official Plan Amendment Application Form

		Oddity Official Flan Amendment Application Form
Provincial Highways	<b>V</b>	Consult with the Ministry of Transportation to assess whether direct access to the provincial highway will be permitted. If so, permits will be required for all proposed buildings/land use and entrances within the permit control area in accordance with the Public transportation and Highway Improvement Act.
		If the proposed development is located in proximity to a provincial highway, a traffic impact study and stormwater management report will be required by the Ministry of Transportation (MTO)
Airports where Noise Exposure Forecast (NEF) or Noise Exposure Projection (NEP) is greater than 30	<b>V</b>	If the proposal is to redevelop existing residential uses and other sensitive land uses, or infill of residential and other sensitive land uses in areas above 30 NEF/NEP, assess feasibility of proposal by demonstrating no negative impacts on the long-term function of the airport.
Active railway line and major highways	<b>V</b>	A noise feasibility study may be needed to determine possible noise impacts and appropriate mitigation measures if sensitive land use is proposed within:  500 m of a main railway line or of any provincial highway; 250 m of a secondary railway line; 100 m of other railways or freeway right of way; and 50 m of a provincial highway right-of-way
Electricity generating station, hydro transformers, railway yards, etc.	<b>V</b>	If sensitive land use is proposed, and if within 1000 metres, a noise study may be needed to determine possible noise impacts and appropriate mitigation measures.
High voltage electric transmission line	<b>V</b>	Consult the appropriate electric power service/utility for required buffer/separation distance.

### County Official Plan Amendment Application Form

		County Chiciar Tail 7 the name it 7 ppiloation 1 chin
Transportation and other infrastructure, utility and hydro corridors	<b>✓</b>	If an OPA is proposed for an area in a planned corridor, demonstrate that the proposed development would not preclude or negatively affect the use of the corridor for the purpose(s) for which it was identified.
Cultural heritage and archaeology	<b>✓</b>	Significant built heritage resources and significant cultural heritage landscapes shall be conserved; adverse impact on these resources are to be mitigated.
		Development and site alteration shall only be permitted on lands containing archaeological resources or areas of archaeological potential if significant archaeological resources have been conserved by removal and documentation, or by preservation on site.
		Where significant archaeological resources must be preserved on site, only development and site alteration which maintain the heritage integrity of the site may be permitted.
		Development and site alteration may be permitted on adjacent lands to protected heritage property will be conserved.
		Mitigation measures and/or alternative development approaches may be required in order to conserve heritage attributes of the protected heritage property affected by proposed adjacent development or site alteration.

County Official Plan Amendment Appl					
Prime Agricultural lands/areas	<b>V</b>		If land is to be excluded from prime agricultural areas to allow for expansion or identification of settlement areas to accommodate growth and development, a comprehensive review must be undertaken.		
			Demonstrate the need for use other than agricultural and indicate how impacts are to be mitigated. (Lands could be excluded from prime agricultural areas for non-agricultural uses provided that the criteria as set out in section 2.3.5 of the PPS are met).		
Agricultural operations	<b>7</b>		If development is proposed outside of a settlement area, need for compliance with the Minimum Distance Separation Formulae.		
Mineral mining operations and petroleum resource		<b>✓</b>	If within 1000 m, demonstrate that development and activities would:		
operations and known petroleum resources			Not preclude or hinder the expansion of existing operations, or their continued use, or establishment of new resource operations, or access to the resources;		
			Not be incompatible for reasons of public health, public safety or environmental impacts		
			Development and activities which preclude or hinder the establishment of new operations or access to resources, and are adjacent to or in known mineral deposits, petroleum resources, or in significant areas of mineral or petroleum potential are permitted if:		
			Resource use is not feasible		
			The proposed land use or development serves a greater long-term public interest, and issues of public health, public safety and environmental impacts are addressed.		

# Corporation of the County of Grey Planning and Development Department County Official Plan Amendment Application Form

		County Official Plan Amendment Application Form
Non-operating mine site within 1000 metres	<b>✓</b>	If within 1000 metres, demonstrate to the satisfaction of the Ministry of Northern Development and Mines that the mine has been rehabilitated OR all potential impacts have been investigated and mitigated.
Rehabilitated and abandoned mine sites	<b>✓</b>	If the proposal is on, adjacent to, or within 1000 m, consult with the Ministry of Northern Development and Mines.  Progressive and final rehabilitation is required to accommodate subsequent land uses.
Mineral aggregate operations, and known deposits of mineral	<b>✓</b>	There is need for a feasibility study to determine noise, dust/particulate and hydrogeology if sensitive land use is proposed within:
aggregate resources		1000 m of the property boundary line (or licensed area) of any land designated for or an existing pit; or
		1000 m of the property boundary line (or licensed area) of any land designated for or an existing quarry.
		If within 1000 m of a known deposit of sand, gravel or bedrock resource, need to demonstrate that development and activities would:
		Not preclude or hinder the expansion of existing operations, or their continued use, or establishment of new resource operations or access to the resources;
		Not be incompatible for reasons of public health, public safety or environmental impacts.
		Development and activities which preclude or hinder the establishment of new operations or access to resources, and are adjacent to or in known deposits of mineral aggregate resources, are permitted if:
		The resources is not feasible; or The proposed land use serves a greater long-term public interest, and issues of public health, public safety and environmental impacts are addressed.

			County Official Flan Amendment Application Form
Natural heritage systems	<b>✓</b>		If development and site alteration are proposed in a natural heritage system described in an approved official plan, demonstrate how the diversity and connectivity of natural features and the long term ecological function and biodiversity of the system will be maintained, restored or improved.
Significant wetlands Significant habitat of endangered species and threatened species		<b>✓</b>	Development and site alteration are not permitted in the features.  Are any significant wetlands, or unevaluated wetlands present on the subject lands or within 120 m?  Are any known significant habitats present on the subject lands or within 50 m?  Has there been preliminary site assessment to identify whether potentially significant habitats are present?
Significant woodlands, valleylands Significant wildlife habitat Significant areas of natural and scientific interest		<b>✓</b>	Development and site alteration are not permitted in the feature unless it can be demonstrated that there will be no negative impacts on the natural features or their ecological functions.  Indicated if there are any significant woodlands, significant valleylands, significant wildlife habitat, and ANSI's on the
(ANSI)			subject land of within 50 m.
Fish Habitat		<b>✓</b>	Development and site alteration are not permitted in fish habitat except in accordance with provincial and federal requirements.
			Is any fish habitat on the subject lands or within 30 m?
			Is any lake trout on the subject lands or within 300 m?
			If yes to any of the above, an environmental impact study may be required.

			County Official Plan Amendment Application Form
Adjacent lands to natural heritage features and	<b>✓</b>		Development and site alteration are not permitted on adjacent land to natural heritage features unless:
areas			The ecological function of the adjacent lands has been evaluated; and
			It has been demonstrated that there will be no negative impacts on the natural features or their ecological functions.
Sensitive surface water features and sensitive groundwater features		<b>✓</b>	Development and site alteration are restricted in or near sensitive surface water features and sensitive groundwater features.
			Demonstrate suitable mitigation measures and/or alternative development approaches to protect, improve or restore sensitive surface water features, sensitive groundwater features and their hydrologic functions.
Water Quality and quantity		<b>✓</b>	An assessment is generally required to determine potential impacts of development proposals on water quality and quantity.
			If the proposal is adjacent to a water body such as a lake or stream, wetland, spring or groundwater recharge area, an impact assessment on the water body may be needed.
			As well, in areas of high water table, fractured bedrock or thin overburden, a Hydrogeological report may be required in accordance with the Ministry of Environment (MOE) D-Series Guidelines.
			(These are not the only instances when a technical study may be needed).
			Development adjacent to a lake trout lake must address other requirements. Consult with the Ministry of Municipal Affairs and Housing early in the planning process.
			The province has particular interests in lake trout lakes.

# Corporation of the County of Grey Planning and Development Department

		County Official Plan Amendment Application Form
Natural Hazards	<b>V</b>	Development should generally be directed to areas outside of hazardous lands and hazardous sites.
		Is the proposal within:
		A dynamic beach hazard?
		The defined portions of the one hundred year flood level along the connecting channels of the Great Lakes?  Areas that would be inaccessible as a result of flooding, erosion or dynamic beach hazards and a floodway?
		Is the proposal subject to limited exceptions such as:
		Safe access appropriate for the nature of the development and the natural hazard? Special Policy Area? Uses which by their nature must be located in the floodway?
		Where development is permitted in portions of hazardous lands and hazardous sites not subject to the above prohibitions, flood-proofing, protection works standards and access standards must be adhered to. In addition, vehicles and people need to have a way to safely enter and exit the area, hazards cannot be created or aggravated and there can be no adverse environmental impacts.
		Is the subject land within or partially within:
		Hazardous lands adjacent to the shorelines of the Great- Lakes and large inland lakes (includes flooding, erosion and dynamic beach hazards)?
		Hazardous lands adjacent to river, stream and small inland lake systems (includes flooding and erosion hazards)?
		Hazardous sites (includes unstable soils and unstable bedrock)?

		County Official Plan Amendment Application Form
		A special policy area shown in an approved official plan? The food fringe in an area subject to the two zone concept of floodplain management?
		If the proposal is in a hazardous area, demonstrate how the hazards will be avoided, or where appropriate, addressed through standards and procedures such as flood-proofing and protection works.
Human-made hazards <sup>4</sup> including mine hazards and high forest fire hazards	<b>✓</b>	Development proposed on abutting or adjacent to lands affected by: mine hazards; oil, gas and salt hazards; or former mineral mining operations, mineral aggregate operations or petroleum resource operations, may be permitted only if rehabilitation measures to address and mitigate known or suspected hazards are under-way or have been completed. Are the subject lands on or within 75 m of existing un-decommissioned oil and gas works?  Are the subject lands on or within 1000 m of a salt solution mining well? Demonstrate how the hazard(s) will be addressed.
Contaminated sites	<b>V</b>	To determine potential soil contamination, proponents must complete a Phase 1 Environmental Site Assessment (ESA) as per the Ministry of Environment regulation. A Phase 2 Environmental Site Assessment would be needed if the site has potential for soil contamination.  Remediation of contaminated sites shall be undertaken, as necessary, prior to any activity on the site(s) associated with any proposed new sensitive use such that there will be no adverse effects.

Crown Lands -

Table A Distances -

			Corporation of the County of Grey Planning and Development Department County Official Plan Amendment Application Form			
Crown Lands⁵		<b>✓</b>	Consult your local regional Municipal Services Office as the first point of contact for assistance in dealing with planning issues relating to proposals requiring the acquisition or use of Crown Lands.			
			Contact the Ministry of Natural Resources District Office regarding the actual acquisition or use of Crown Land.			
Notes:						
Class 1 Industry –	small scale, se	•	t, no outside storage, low probability of fugitive emissions and			
Class 2 Industry –		medium scale processing and manufacturing with outdoor storage, periodic output of emissions,				
Class 3 Industry –	shift operations and daytime truck traffic. indicate if within 1000 metres; processing and manufacturing with frequent and intense off-site impacts and a high probability of fugitive emissions.					
Hazardous Sites	property or lands that could be unsafe for development or alteration due to a naturally occurring hazard(s). These hazards may include unstable soils (sensitive marine clays – Leda, organic soils) or unstable bedrock (Karst topography)					

Certain areas are identified by MNR as being of special interests, such as lake access points.

quoted are approximate and are intended for your guidance in assessing your application.
